

BCHS Virtual Subject Workshops

As part of our normal BCHS transition process, we offer Year 5 & 6 students the opportunity to attend our after school subject based workshops. These workshops have always been a great success and have played a vital part in familiarising the students with the school building as well as introducing them to different members of staff.

Unfortunately, due to the COVID restrictions, we are unable to invite the students into the school building. We have therefore decided to produce some fun and challenging virtual workshops for all the subject's our students study in Year 7.

If you would like to take part in our workshops please register your interest in advance. We will then send you the details on how to access the event and what you will need prior to the workshop. At the end of each session you will be asked to send a photograph or recording of the finished article so we can issue the students with a certificate for their effort. *(We will also need parental authorisation to use these photos on our social media platforms.)*

UPCOMING SUBJECT BASED WORKSHOPS *(these dates are subject to change)*

SCIENCE – W/C 28th MARCH – Fun science experiments: DIY Lava Lamp; Baking Soda Volcanoes; Tornado in a Jar; Rain Cloud in a Jar; Light Refraction. These are all done with everyday household items and we promise to let you know the 'messiness' levels when we set the experiments!

LANGUAGES – W/C 12th APRIL - Follow two simple recipes, one in French (crepes) and one in Spanish (open topped sandwiches) recipes provided and demonstrated on video.

SPORT & PE – W/C 19th April - Create and label your own skeleton using items from around the house; live workouts with BCHS PE teachers; AI Basketball App - complete a series of virtual reality sport challenges.

DESIGN & TECHNOLOGY – W/C 26th April - Making a minute marble run using household materials – not as easy as it sounds!

HUMANITIES – W/C 3rd MAY - Ancestry – creating a family tree using online facilities, photos and family input. Make these as creative and detailed as you possibly can.

Family History

MUSIC – W/C 10th May - Creating a piece of music using just household items. This workshop will involve the Year 6 students, parents and siblings to work together to create a family band using objects around their house.

WEST HAM FOUNDATION – W/C 17th May - Soccer skills with qualified WHU Foundation Academy Coach.

COMPUTING – W/C 24th MAY - Make a computer game using SCRATCH programme.

DRAMA – W/C 7th June - Power props = Superhero;

Mime = Silent Movie.

ENGLISH – W/C 14th June - Students dress as their favourite book character and write, in exactly 100 words, why they have chosen this character and book.

ART – W/C 21st June - 3D Paper house making; technical drawing demonstrations/exercises that will guide students through improving their drawing skills.

FOOD TECHNOLOGY – W/C 28th JUNE - Great BCHS Bake Off. Everyone is aware of the Bake off TV programme, it's now your turn to get your aprons ready to show us your amazing culinary skills.

MATHS – W/C 5th JULY - For this fun activity you will need toothpicks and marshmallows. We will use the toothpicks and marshmallows to build 3D shapes, sketch these shapes and use them to work out the number of toothpick edges and marshmallow vertices. Once you have completed them all you can then see if you can spot any patterns.

If your son/daughter would like to attend any of the workshops listed above, please email Miss C Stevenson at c.stevenson.bch@osborne.coop to register your interest.

We look forward to seeing you soon
