

25th February 2022

To parents/carers,

As part of our drive to raise the profile of reading across the school and to encourage a reading for pleasure culture, we have signed up to the LoveReading4Schools website. This website provides reading recommendations right across the year groups and key stages, as well as highlighting books in key curriculum areas, so that we can all stay up to date with the best books available to support our children's reading.

To access Branfil's profile page and to explore the wonderful selection of recommended books click on the following link:

<https://www.lovereading4schools.co.uk/school/12061>

The first time you visit the site, you will be asked to register and then enter the password to gain access. The password for our school page is: **Branfillovesreading**

We will be continually updating the lists of recommended reads. Look out for our World Book Day list which contains a selection of books that you can purchase using your £1 book voucher.

Happy exploring!

Mrs. Cullender
