- [Plant Facts | All About Plants for Kids | DK Find Out](#)
- [BBC - Primary Science - Plants](#)

### You could visit:

- Your local park to look for different plants.
- Your local garden centre and make a list of some of the various plants that are there.

## Geography: North America, Rio and South-East Brazil

### Activities

- Identify North America on a map and locate all of the countries.
- Identify Brazil on a world map and the city of Rio.
- Choose one of the countries and make your own fact file.
- Make a comparison table for life in England compared to life in Rio (this could include food, climate, school life and festivals)
- Write a travel guide for one of the countries. Remember to make it eye-catching!
- Write a diary entry for the day in the life of a child living in Rio.
